REPAIR & MAINTENANCE UPDATES

PAVING

The repair to the concrete entry aprons at the eastern entrances is started. The main center entry, the one with the big sign near National College, and the next one to the south are being rebuilt.

The process will take some time as the old concrete will be cut up and removed, then the new will be poured. Unlike blacktop, concrete needs several days before it hardens properly and can be driven on.

Repairs are also scheduled on the service road to the south. This is the road between the shopping center and Rt. 161.

The contractor will do the same job as on the center entries and will cut out the bad concrete, remove it and then pour new concrete. The process will take some time and there may be some detours and disruptions for few days.

Events

The **Farmer's Market** grows in popularity every week. The growing season brings along more and greater varieties of Ohio "HOME GROWN" vegetables and fruits each week, every Tuesday from 4 to 6 PM.

The first annual **Columbus Square Classic Car Show** was a great success, and will return to the center next year on Monday, July 4. Be sure to mark your calendars.

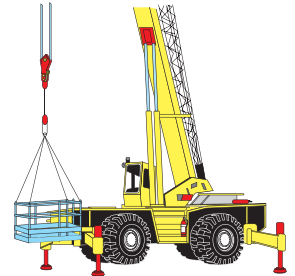

NEW ROOFS

The installation of new roofing is in full force in the southwest portion of the shopping center. The Ohio Thrift offices have been completed. The work will proceed south from Dollar General south to Avis, and then around the corner east to the alley, with all those roofs being replaced.

Holland Roofing from Columbus is the contractor. The process requires the removal of all existing roofing. Then all-new "high efficiency" energy saving insulation is placed on the deck, and a brand new modern EPDM rubber roof is installed.

The work is slow and time-consuming as the materials have to be lifted off and on the roof by cranes. Holland will be on site for several weeks before completing the work.

Leasing

We are pleased to welcome **Ohio Medical Equipment Services** to Columbus Square. They will be moving into the space at 5825 Emporium Square in the near future.

If you have know a friend or anybody who is looking for retail space, please call us. We had 2 showings recently that were referred by a tenant's family or friend.
